

COOL SUMMER ROUTINE

A product photograph featuring a tube of l'amara Soothing Vera Gel. The tube is a muted sage green color and is covered in fine droplets of water, suggesting it is chilled. It stands next to a large, clear, rectangular ice cube, also covered in water droplets. The background is a soft, out-of-focus teal color. The entire scene is reflected on a glossy surface below. The text on the tube is white and minimalist.
